

VICTORIA CONSTRUCTION LANDSCAPING

Bestway - Power Steel Comfort Jet Series 20' X 12' X 48" Above Ground Pool Set

Description

The Power Steel Comfort Jet Series Pool Set is the ultimate pool for fun and relaxation! It's large, durable, and provides a unique massage experience. The pool has two built-in Comfort Jet spray nozzles that produce concentrated water jetstreams for a soothing massage. The walls are constructed with our Tritech material - 3 layers of heavy-duty PVC and polyester - to ensure durability summer after summer. The corrosion-resistant metal frame is held together with our sturdy Seal and Lock System for safe and secure frame connections. Plus, this pool can hold up to 5,347 gals. (20,241 L) of water, giving your family plenty of room to splash and swim around! For added fun, included is a color-changing LED light. Not only does it alternate through seven different colors, but it is also magnetic, so you can place it anywhere along the pool walls. The unique oval shape of this pool takes up less space and makes it easier to set up and takedown. Once the summer is over, simply attach your garden hose to the built-in flow control valve to drain away from the water. This Power Steel pool set also comes with a filter pump and a ladder. For many summers to come, your family will love this Power Steel Pool! The ladder's weight capacity is 220 pounds.

Features

2 Comfort Jet spray nozzles produce concentrated water jetstreams for a soothing massage
Corrosion-resistant metal frame is held together with our Seal & Lock System to ensure a safe and secure connection

Walls are made with Tritech material, 3 layers of heavy-duty PVC and polyester
